Profile

I am a passionate learner and aspiring web developer working with modern technologies. My goal is to become a professional Full Stack Developer. So far, I have developed projects such as an online shop, landing pages, and a team task management system.

Skills

Front-end:	HTML, CSS, Tailwind, JavaScript
Tools:	Git, GitHub, VS Code

Projects

- Shop Project → An online shop with registration, login, product listing, purchase, and admin panel.
- TaskHive → A team task management system with a modern dashboard.
- Landing Pages → Clones of Easybank, Blogr, and Manage landing pages with responsive design.

Education

10th grade student at Sayed Mohammad Qanad High School, Herat, Afghanistan.

Work Experience

No formal work experience yet, but recently worked on a real project.

Achievements & Goals

Future goal: To become a professional Full Stack Developer and work internationally.
